

INVESTED IN YOUR SUCCESS

We're passionate about helping you elevate performance. Our CPA designed learning solutions enable you to align team training with your strategic goals.

CORPORATE LEARNING PASSPORT

Transform your accounting and finance operation by giving your team access to a world of high caliber learning resources for one affordable annual investment. Our comprehensive program includes registrations to OSCPAs virtual conferences, FASB/GAAP update subscription, On-Demand access passes, and more.

TRANSFORMATIONAL CPA

Upskill and reskill your team by preparing them for the high-demand accounting jobs of today and tomorrow. Developed in collaboration with Franklin University based on feedback from leaders in the profession, OSCPA's Transformational CPA program provides the foundational knowledge to address skills gaps and maximize performance.

DE&I

Connect with learning that can help you tap the considerable benefits of building a diverse, inviting, and vibrant workplace culture. OSCPA offers a variety of training programs and resources to help you wherever you are in your DE&I journey.

ETHICS

It takes courage and regular training to spot, evaluate, and address unethical behavior. Equip your team to tackle whatever ethical dilemma comes their way with OSCPA's thought-provoking and engaging ethics programs offered in a variety of formats.

CPE DAY

We make planning your CPE Day easy. Select the date, time, and topics, and OSCPA can handle the rest. Choose from full or half-day programs with topics that include ethics and governance, leadership and professional development, technology, professional issues updates, governance, and more.

ON-SITE TRAINING

Accelerate team learning with training delivered at your location and designed around your organization's unique needs, business objectives, and market opportunities. From specialized tax and A&A competencies to leadership and management programs, OSCPA and its vast network of qualified instructors will provide the learning your team needs to thrive in a competitive environment.

CERTIFICATE PROGRAMS

Help your team build skills and highlight proficiencies with our certificate programs. Available through a partnership with AICPA, these highly flexible programs cover critical disciplines, such as Employee Benefit Plan Auditing, Not-for-Profit Accounting, Personal Financial Planning, Robotic Process Automation, Finance Transformation, and Blockchain.
